

304 G

Compact Wheel Loader

JOHN DEERE

A large yellow wheel loader bucket is shown from a high angle, tilted to pour a large volume of grey gravel. The gravel is captured in mid-air, creating a dynamic sense of motion. The background shows a clear sky and a distant horizon.

304 G-TIER COMPACT WHEEL LOADER

SAY HELLO TO NEW POSSIBILITIES

The John Deere G-Tier Compact Wheel Loader lineup delivers rugged, reliable, and economical solutions that don't sacrifice equipment quality or dealer support. Simple and intuitive machine functionality is a perfect fit for novice operators, while performance-enhancing options expand capabilities to boost the performance of experienced pros. Whether you work in site development, landscaping, or ag material handling, the sizable travel-speed increase powering the 304 G-tier is just one of the many customer-inspired ideas designed to move your operation to a new level of productivity.

FEATURES

Comfort in the cab

New cab design features frameless doors and an expansive ceiling-to-floor windshield with a clear view to the front tires. Adjustable display mounted on the A-post rail provides a wealth of operating info. Optimized airflow through the HVAC system enhances operator comfort.

Have speed, will travel

Impressive 18.6-mph ground speed helps you move quickly around the jobsite and on to the next task.

In command

Increased machine height and width compared to the 304L improve jobsite visibility and overall stability.

It's all about control

Easily control hydraulic attachments like brooms and snow blowers with the optional attachment-assist package.* System includes third-function mini-joystick and combined creep control and throttle lock that allows the operator to lock in engine speed to maintain consistent hydraulic flow as needed.

*Available for cab-equipped models only.

18.6-MPH TRAVEL SPEED IS
55% FASTER
THAN THE 304L

Power up

Smooth-running turbocharged Yanmar engine packs plenty of power and torque reserve. Limited-slip differential lock automatically delivers power to the tire with the best traction, for extra bucket-filling effort.

Keep things simple

Ground-level fuel fill and extended service intervals help simplify routine maintenance.

Close at hand

Boom, bucket, F-N-R, and third-function hydraulics are positioned on the same ergonomic low-effort lever, for convenient one-hand control. Handy switches put control of the coupler, travel speed, park brake, lights, and other functions within easy reach.

Ride it out

Operator-defined settings allow optional speed-activated ride control to automatically switch off and on when established speed thresholds are reached.

The choice is yours

ROPS-certified open-canopy model is designed to withstand the elements — with weather-resistant gauges, an extended rooftop, nonskid floor mats, and optional vandal proofing. For year-round comfort, opt for a heated and air-conditioned low-profile cab.

Go with the flow

Cooling package has been redesigned with larger entry/exit screens to optimize flow and performance.

304 G-TIER COMPACT WHEEL LOADER

NEW LARGER FUEL TANK

**LETS YOU RUN LONGER
BETWEEN FILL-UPS OVER
L-SERIES MACHINES**

Keep working longer

New larger fuel tank lets you run longer between fill-ups. Durable plastic construction helps prevent damage and rust, extending wear life.

Business booster

John Deere attachments are a great way to expand the flexibility of your operation. With more than 100 models, they'll help you broaden your abilities, work smarter, and accomplish even more.

Here to back you up

Parts and service are always available at over 1,400 John Deere dealer locations throughout North America.

304 G-TIER WHEEL LOADER SPECIFICATIONS

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries.

Engine		304 G-TIER
Manufacturer and Model		Yanmar 4TN86CHT-M high power
Non-Road Emission Standard		EPA Final Tier 4 / EU Stage V
Cylinders		4
Valves per Cylinder		4
Displacement		2.1 L (128 cu. in.)
Net Peak Power at 2,200 rpm (SAE J1349 /ISO 9249)		53 kW (72 hp)
Gross Rated Power at 2,200 rpm (ISO 14396)		55 kW (74 hp)
Peak Torque at 1,690 rpm (SAE J1349 /ISO 9249)		274 Nm (372 lb.-ft.)
Engine Bore and Stroke		86 x 90 mm (3.39 x 3.54 in.)
Lubrication		Pressure system with full-flow spin-on filter
Aspiration		Turbocharged
Air Cleaner		Dual safety element dry type
Cooling		
Fan		Direct driven
Engine Coolant Rating		-37 deg. C (-34 deg. F)
Powertrain		
Type		Hydrostatic (HST) with infinitely variable speed control over full range of operating speeds; 2 speed ranges; joystick-mounted F-N-R; acceleration pedal; HST inching pedal, which allows infinitely reduced travel speeds while maintaining full engine rpm and hydraulic flow
2 Travel Speeds in Forward and Reverse (equipped with 405/70R20 tires)		
Gear 1		6.0 km/h (3.7 mph)
Gear 2		30.0 km/h (18.6 mph)
Axles		Rigid-mount front and rear axles with 10-deg. frame oscillation
Rear-Axle Versus Front-Axle Oscillation		20 deg. total, stop to stop
Differentials		45% locking front and rear differentials
Maximum Rise and Fall, Single Wheel		254 mm (10 in.)
Steering		Hydraulic power steering (SAE J1511); 40-deg. articulation left and right
Steering Wheel Turns, Stop to Stop		3.5 left to 4.5 right
Articulation Angle		80-deg. arc (40 deg. each direction)
Final Drive		Heavy-duty outboard planetary
Brakes (SAE J1473 / ISO 3450)		
Service Brakes		Hydraulically actuated, self-adjusting internal wet-disc brake and driveline drum brake
Parking Brake		Automatically spring-applied, hydraulically released, internal wet disc
Hydraulics		
Main Pump (loader and steering)		Fixed-displacement gear pump; open-center system
Maximum Rated Flow at 6895 kPa (1,000 psi)		80 L/m (21 gpm)
Maximum Pressure at Couplings		23 000 kPa (3,336 psi)
System Relief Pressure		
Loader		23 000 kPa (3,336 psi)
Steering		18 002 kPa (2,611 psi)
Hydraulic Cycle Time		
Raise		6.2 sec.
Dump		1.9 sec.
Lower (power down)		4.6 sec.
Total		12.7 sec.
Controls		3-function valve with single-lever control for boom and bucket, with hydraulic lockout feature; joystick-mounted push-button electrohydraulic (EH) control for auxiliary hydraulics, with hydraulic lockout feature; ride control electrically actuated for improved ride quality (factory and field option)
Cylinders		
Type		Heat-treated, chrome-plated, polished cylinder rods; hardened steel (replaceable bushings) pivot pins

Gypsum	2275	3,834	Stone or gravel, 80.75 mm (3.15 in.) size		

Additional equipment

Key: ● Standard ▲ Optional or special
See your John Deere dealer for further information.

304 G Engine

- Antifreeze, -37 deg. C (-34 deg. F)
- Coolant recovery tank
- Fan safety guard
- Fan, sucker type, direct drive
- Under-hood aftertreatment (including diesel oxidation catalyst and diesel particulate filter)
- Environmentally friendly engine oil drain
- Engine oil cooler
- Quick-release fuel filter and water separator
- Automatic engine glow plugs for cold start
- ▲ Engine coolant heater, 1,000 watts, 110 volts

Electrical

- Starter switch with electric fuel cutoff
- 12-volt system
- Electrical load center: Blade-type fuses
- Standard battery (1), 12 volt with 830 CCA
- Master electrical disconnect switch
- Alternator, 12 volts, 80 amps
- Horn (conforms to SAE J994 / J1446)
- Lights (conform to SAE 99): Driving / Turn signals / Flashers / Stop / Taillights
- Worklights, front (2)
- Worklights, rear (2)
- Reverse warning alarm (conforms to SAE J994 / J1446)
- Multifunction monitor with audible and visual warnings: Engine coolant temperature and hydraulic oil temperature / Gauge: Fuel / Visual indicators: Air-filter restriction, low voltage, coolant temperature, engine oil pressure, engine preheat, engine rpm, hydraulic bucket return-to-dig control, hydraulic oil temperature, lights high beam, park brake, turn signals, fuel-level gauge, and hour meter

304 G Electrical (continued)

- Indicator lights: Engine air filter / Battery voltage / Parking brake actuated / Forward/reverse travel / 1st- or 2nd-speed range / Turn signal and hazard lights / High-beam driving lights
- Radio-ready cab, fus'd 12-volt radio electrical lead and speakers, power port
- Pre-wired for roof beacon

Powertrain/Brakes

- Hydrostatic (HST) transmission: Electric shift control / Single-lever joystick F-N-R / Hydrostatic oil cooler / Inching pedal / 2 speeds forward and reverse / Infinitely variable speed control
- Parking brake, spring applied, hydraulically released, switch operated
- 45% limited-slip front and rear differentials

Hydraulic System

- Hydraulic system oil cooler
- Float detent
- Reservoir sight gauge
- Fine-micron hydraulic filters, vertical mounting
- Hydraulic function lockout
- 3-function hydraulic valve with electro-hydraulic push-button 3rd-function control
- Quick-coupler diagnostic ports: Priority pressure / Hydraulic pump pressure / Control valve pressure / HST pressure

Operator's Station

- ▲ Cab (conforms to SAE J1040, SAE J231, ISO 3471, and ISO 3449): Air conditioner/heater/defroster / Tilt steering / Inside mirror
- Canopy
- Storage compartment for operator's manual and other items
- Rubber floor mat
- Rearview mirrors, outside (2)

304 G Operator's Station (continued)

- Handholds and steps, ergonomically located and slip resistant (conform to SAE J185)

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries.

Net engine power is with standard equipment including air cleaner, exhaust system, alternator, and cooling fan, at test conditions specified per ISO 9249. No derating is required up to 3000-m (10,000 ft.) altitude. Specifications and design subject to change without notice. Wherever applicable, specifications are in accordance with SAE standards. Except where otherwise noted, these specifications are based on units with all standard equipment, ROPS cab, standard rear counterweight, 405/70R20 tires, full fuel tank, and 79-kg (175 lb.) operator.
