

Broadcast Spreader

FRONTIER

SS3067B

Spread all types of material all year long for all areas of your property

SS3067B

Every season calls for a Frontier SS3067B Broadcast Spreader. From spring seeding to fall fertilizing to winter de-icing, the SS3067B provides an even spread of fertilizer, salt, sand, small grains, and more.

Go from landscaping to property maintenance – all you have to do is pour your material and go. And with the handy feed rate lever you can open and close the spreader gate with ease. Plus, the SS3067B is PTO-driven to offer greater control of your discharge speed.

Trust us, this is the pro's broadcast spreader. It's larger and sturdier than walk-behind spreaders, so you can lug bigger loads, drop more material continuously, and get done sooner. Best of all, the polyethylene hopper and plated steel components are corrosion-resistant for longer wear life.

The Frontier Broadcast Spreader is sold and supported exclusively by John Deere, a trusted name in farm, ranch and lawn equipment. Visit your local John Deere dealer, to learn more about the SS3067B.

U.S.A. www.BuyFrontier.com
Canada www.BuyFrontier.ca

The Frontier Broadcast Spreader is compatible with 20- to 60-horsepower (PTO) tractors and is operated by your tractor's rear 540-rpm PTO.

Details

The SS3067B is designed with a durable polyethylene hopper, and long-lasting plated steel spreading components that hold up to moisture, chemicals, and harsh weather for continued high performance, season after season.

Use the feed rate lever to adjust your feed rate. Simply pull the lever to open the spreader gate when you're ready to drop your seed or fertilizer.

A standard fixed agitator helps material flow through the hopper quickly and easily, and without clogging.

Specifications

Model	SS3067B
Horsepower (PTO)	20-60
Capacity – cu. ft.	10 cu. ft.
Capacity – lb. ¹	860 lb. (390 kg)
Spread distance	49 ft. (15 m)
Hopper width	42 in. (107 cm)
Hopper height	42 in. (107 cm)
Weight	128 lb. (58 kg)
Hitch ²	3-Pt. / Cat. 1
Warranty ³	1 year

¹ Note: Poundage capacity calculated at fertilizer weight of 86 lb. per cu. ft.

² Note: Refer to tractor compatibility charts on FrontierMarketplace.com

³ Hour and/or usage limitations may apply. See Warranty for new John Deere Agricultural Products or contact your local dealer for details.
